

 	<b>Quality &amp; Environmental Policy</b>	<b>Ref</b>	POL-001
		<b>Issue</b>	03
		<b>Issue Date</b>	02/05/23
<b>Approved by</b>	<b>Rob Palmer</b>	<b>Page</b>	<b>Page 1 of 1</b>

ISOCLAD and SECURICLAD aspire to be the suppliers of choice for standard composite and security panels, flashings, and ancillaries in their respective markets.

This shall be achieved by:-

- Providing a customer-centric approach focussed on flexibility, quick turnaround and support;
- Maintaining strategic supplier partnerships which deliver a robust supply chain;
- Consistently manufacturing high quality products;
- The continuous development of our valued employees.

The businesses are also committed to:-

- Protection of the environment including prevention of pollution;
- Meeting all legal and other compliance obligations;
- Where possible, exerting our influence in the supply chain to reduce the impact of our activities throughout the product lifecycle.

A management system has been implemented to meet the requirements of ISO 9001 and 14001.

We are committed to the continual improvement of the management system to enhance both business and environmental performance. This policy is employed as a framework for setting management system objectives.

Rob Palmer, MD, 02/05/2023
